David, were you aware of the congressional oversight committee's threat of subpoenas and/or a hearing? Just FYI, requested docs have been transmitted. - lw

Thanks Laura. I appreciate everyone's attention to this and other requests. Sorry to be a pest, but do you know if it could be early in the week-- this request is from our Congressional oversight Committee and they are threatening to send formal subpoenas and hold a hearing if they do not receive information soon. Any update you can provide on this one would be appreciated.

Thanks,
Carolyn

>> Yesterday, Mathy Stanislaus led a call with Congressional staff in DC. One of the follow up items for Region 8 that may already be in process for response is regarding the September 2014 Action Memo (re-attached for convenience.) Oversight Committee staff are requesting a copy of the confidential enforcement addendum referenced on Page 8, below:

>>

>> VII. Enforcement A separate Enforcement Addendum provides a confidential summary of current and potential future enforcement actions for the Site.

>>

>> Please let me know if you have this document and OCIR can work with OGC on any provisions for providing a confidential document to the Hill.
